Re: *FTC et al. v. Vyera Pharmaceuticals, LLC et al.*, 1:20-cv-00706 (DLC)

Dear Judge Cote:

Plaintiffs write to update the Court on the progress of our foreign discovery efforts and to seek the Court's direction as to the retrieval of the materials gathered in response to plaintiffs' Letter of Request to India.

As background, on July 24, 2020, this Court granted plaintiffs' petition to issue a Letter of Request to the High Court of Karnataka, India pursuant to the Hague Convention. ECF 196. Shortly afterwards, chambers contacted plaintiffs and directed us to modify the request by removing the Court as the designated recipient of the materials gathered in response to the request. *See* ECF 204. Plaintiffs then filed that modified request with the High Court of Karnataka, which appointed a commissioner to gather the requested materials. *See* ECF 324. On February 19, 2021, the commissioner concluded the proceedings and filed these materials, which amount to several written transcripts and video recordings of the same, with the High Court of Karnataka.

According to the High Court's order, the discovery obtained pursuant to our request will be sent first to the Indian Central government and then to Your Honor. ECF 324 at 8. Plaintiffs recognize that this process is inconsistent with Your Honor's instruction, but understand from our local counsel in India that Indian procedure requires this process. Plaintiffs therefore write to inform the Court that these materials may arrive shortly. We also request direction as to how to collect the materials from the Court. There are at least two options. First, the plaintiffs could arrange to retrieve the materials directly from chambers or the courthouse. Alternatively, plaintiffs could provide the mailing address to which these materials may be sent together with FedEx shipping labels.

Plaintiffs thank the Court for its consideration and apologize for any inconvenience this may cause.

Sincerely,

/s/ Markus H. Meier
Assistant Director
